Description: 1. Opening Details: On Jun 8, 2021, GSBP received the MS referral [2021MS-990]. On Apr 21, 2021, an inquirer sent the UL test report to MS for checking the authenticity, based on the inquirer information, the fake UL test report(s) came from Kitchen Winners, Hershey Weiner. They have been importing millions of these gloves into the US and declaring them as medical devices and cheating the US government by not paying duties by using this fraudulent UL report. Kitchen Winners is working with Global Tooling Services in China who's principal is Anna Grinvald. GTS owns Medcare and Levmed. We know that GTS and Kitchen Winners are working together forging documents as this isn't the only one the inquirer received. On Apr 22, 2021, MS checked with Consumer Product Team (Cai, Cola), confirmed the UL test report was forged, the Applicant info is changed to "HuiQiao International (Shanghai) Co.,Ltd" (Room 402, Lane 280, No.2, Hong Jing Road, Shanghai, China), also the Manufacturer is changed to "Zhonghong Pulin Medical Products Co., Ltd". On Apr 26, 2021, MS checked with Anna Grinvald (the representative of GTS or DONGGUAN GRINVALD TECHNOLOGY CO., LTD), she denied the fake report was made by them, they have no relationship with any entities (HuiQiao International (Shanghai) Co., Ltd, Zhonghong Pulin Medical Products Co., Ltd) listed on the reports. On Jun 8, 2021, MS passed the case to GBP. 2. Current Status: On Jun 15, 2021, although the case is hard to proceed at the moment, GBP is asking some more info from MS and UL colleague: Cola. 6/16 2021: MS-John Boyles provided the source of the fake report: via a email from Mendel Banon < mendelbanon@gmail.com > to hershey weiner < Weinerhersh@ gmail.com >. MS did not know whether this incident related to any shipment in US Customs. The roles of the 2 men are unknown. 6/16 2021: CRS-Zhong Lingling provided another testing report applied by Dongguan Grinvald. The product is also medical golves. 8/16 2021: GBP-Anne and Ted discussed, since the real source of the fake report is unknown, it is difficult to kick off an investigation of the entities involved. 3. Next Steps: Conclude the case as intel only.

See the below communication asking UL to authenticate Test Report C50782052 is authentic.

The submitter maintains the report was provided by Dongguan Grinvald Technology Co., Ltd and Kitchen Winners Inc.

The document cannot be found in TIC accordingly Retail Services was contacted. Retail Service was contacted and verified the report does not match the report that was issue by UL, this report has been modified changing the Applicant and Manufacturer information.

HuiQiao International (Shanghai) Co can be found in Oracle but there are no certification records for this company.

Zhonghong Pulin Medical Products Co., Ltd cannot be found in Customers Online.

The report in question was issued to Dongguan Grinvald Technology Co., Ltd. who confirmed they did not modify the document and they do not do business with HuiQiao International (Shanghai) Co.,Ltd. or Zhonghong Pulin Medical Products Co., Ltd.

HuiQiao International (Shanghai) Co.,Ltd. was contacted asking for input, however a response was not provided.

Zhonghong Pulin Medical Products Co., Ltd. was not contacted as they are not a UL subscriber.

The submitter was notified the document has been modified and does not match the report that was issued.

With this referral PIR 2021MS-990 is being closed. If you need any further assistance please let me know.
